

# Minutes

Pinellas County  
Local Mitigation Strategy (LMS) Work  
Group  
Quarterly Meeting  
June 26, 2008, 10:00 a.m.  
Tampa Bay Regional Planning Council  
4000 Gateway Centre Blvd. Suite 100  
Pinellas Park, FL 33782

- At 10 AM, Sally Bishop, Chair, welcomed those in attendance and introductions were made. See attached sign in sheet.
- LMS Project Ranking – Ed McKenzie, Vice Chair  
Ed talked about the process of adopting the Project Ranking matrix system in use by Miami-Dade. They have been utilizing it for almost 10 years and have 32 municipalities that seem to like it. It consists of 16 different criteria spread out over three areas, Suitability, Risk Reduction, and Cost. The number of criteria seem to balance out well the interests of the various constituents in our area. Those constituent municipalities include large, small, coastal, barrier island, and inland.
- Considering a share point web site – Ed McKenzie, Vice Chair  
Ed talked about the upcoming rewrite of our LMS plan and the need for cooperative drafting and revision. This process can be facilitated by a share point site, a web site where modification of hosted documents is permitted by people with proper log on credentials. We are looking at that process.
- Other Business
- Next meeting: September 25, 2008 at 10:00 a.m.
- Adjourn
